Leadership: Project Management, Client Relationship Management, Workflow Optimization, Quality Assurance.

Professional Experience

Senior Frontend Developer & Founder | Quiet Wild Studio, St. Louis, MO | January 2013 – Present

Direct the end-to-end technical development and design strategy for bespoke digital properties, specializing in clean, intentional aesthetics for creative professionals and boutique businesses.

- Spearheaded the digital transformation for Wren Salon, translating complex Figma designs into a live, mobile-first interface that captured the brand's high-end identity.
- Engineered a scalable Modular Template system for Quiet Wild Studio, utilizing clean CSS architecture and reusable components to reduce deployment timelines for new client sites.
- Orchestrated the full project lifecycle for diverse clients, from initial wireframing and prototyping to the execution of integrated digital marketing and social media launch strategies aimed at driving brand awareness and ongoing performance optimization through SEO and Google Analytics.

Web Designer | Find My Biz, St. Charles, MO | January 2011 – December 2013

Partnered with a creative team to design and launch client websites, focusing on typography, branding, and interactive design decisions.

- Contributed to the design and launch of over 20 client websites, specifically enhancing UI components to improve visual appeal and brand consistency.
- Maintained existing client websites and provided recommendations for updates to enhance performance and aesthetics.

Barre Certified Instructor | Bar Method, St. Louis, MO | December 2014 – Present

Education

Bachelor of Arts, Art Therapy, Webster University, St. Louis, MO

Additional Training & Certifications

SheCodes Workshops: Professional Front End Web Development (HTML, CSS, JS, API, Hosting).

Advanced Pursuit: Currently completing Python AI and React workshops to integrate advanced logic, modern frameworks, and digital marketing automation into development workflows.
