PROFESSIONAL SUMMARY

Creative and detail-oriented Front End Web Developer with 10+ years of experience designing and developing visually striking, brand-consistent, and user-focused websites. Proficient in UI/UX principles, Adobe Creative Suite, and responsive web design, with strong collaboration skills working alongside programmers, content teams, and clients. Passionate about blending design sensibility with technical execution to deliver digital experiences that inspire and convert.

WORK EXPERIENCE

Web Developer | Self-Employed, St. Louis, MO

January 2013 – Present

- Designed and developed websites that balanced visual design, functionality, and brand identity.
- Collaborated with programmers and content developers to deliver client-facing digital properties.
- Created wireframes, prototypes, and mockups using Adobe XD and Figma for client approval.
- Implemented responsive layouts in HTML, CSS, and JavaScript, ensuring cross-browser compatibility.
- Assisted with copywriting, content updates, and ongoing site maintenance.

Web Designer | Find My Biz, St. Charles, MO

January 2011 – December 2013

- Partnered with a creative team to design and launch client websites.
- Contributed to typography, branding, and interactive design decisions.
- Maintained websites and recommended updates to enhance performance and visual appeal.

Barre Certified Instructor | Bar Method, St. Louis, MO

December 2014 – Present

- Orchestrate group and individual classes, tailoring programs to meet diverse client needs.
 - Cultivated strong communication and interpersonal skills while guiding clients toward long-term health goals.
-
